

Articles for the e-Magazine

Mananiya / Manyavar

Under the auspices of Swadeshi Science Movement of India (also called as Vigyan Bharati, Delhi), we have recently decided to bring out the e-magazine of the forum named "SWADESHI VIGYAN PATRIKA" which may cover brief original articles of modern relevance (containing not more than 5-typed A-4 pages using Times New Roman font) in the following areas:

Innovative indigenous scientific efforts/Eco-friendly Technology with human face in Physics, Material Sciences, Chemistry, Electro-Chemistry, Botany, Zoology, Mathematics, Metallurgy, Food & Medicine (Health care), Water, Agriculture (eg. Employment of organic manures, desi seeds and other natural means of agriculture like wormic culture, Go-Vigyan, etc.), Geology, Forensic & Environmental sciences, Information Technology, Ayurvedic, Indian system of medicines, Astrology, Astronomy, Architecture (Vastushastra), sankalp shakti vidya (spirituality) in the context of modern therapy, Emerging thoughts in the path of Sustainable Consumption /Living/Development through the utilization/management of natural resources vis-à-vis new Economic environment, IPR leveraging.

Articles may be submitted either in Hindi or English and also in any regional language as a .word file (alongwith respective Fonts) by e-mail only. However, the articles using the regional language must contain the abstract of the article either in Hindi or English.

The articles in the desired areas are therefore invited from the experts in the relevant field which will be reviewed through the Editorial Board before their publication in the magazine

Thanking you
